## Sims 4 Custom Aspirations

These come in handy when you want to perform a special task for multiple sims This trait mod includes: Imaginative, cuté, Girly, Partier, DareDevil, Nerd, and EMO. They can save your sim from various diseases and anxiety issues They can also discuss their health and medication with other sims characters. The file contains 12 most downloaded trait mods of the developer including Hopeless Romantic, Natural Cook, Natural Born Performer, Photographers eye, and Workaholic. You can find these traits under the lifestyle section in the CAS panel The trait contains Needs Decay, Occasional Buffs, Default Emotion, Friendship Gain, and skill gain. There's another one anticipatory anxiety, the fear of a situation before it even happened and is aware that the fear is unreasonable but unable to commit. Anti-social sims don't interact with other sims and sometimes are mean to other sims. After the installation, new personality mods are available in the CAS to build mode.

Fix it The file offers 7 new personality traits for the sims 4 including imaginative, cute, girly, partier, daredevil, nerd, and emo. Sims 4 custom traits are specially designed for the sims character to live a happy lifestyle. Thinking about their future boost their working capabilities and increase their skills points.
